On-Line Sermon Selection

This is a selection of recent on-line sermons available in audio (MP3) and video (MP4) format. Right click on either the audio or video link, and select "Save Target As" to download and save the file. This can then be opened with Media Player or equivalent media players (e.g. VLC).

These files can be quite large in size so you may find it takes some time to download (they are typically about 10Mbytes (audio) or 100Mbytes (video) in size).

If you experience difficulty in accessing these media files then contact the [Web administrator](#).

We welcome feedback, suggestions, or comments about these media messages.
